

Healthy School Buildings and Grounds Working Group

Before you begin- please select a volunteer notetaker!

Suggested Discussion Prompts

- What is the biggest challenge or problem?
- What are initial thoughts on solutions – what's needed?
- What federal or state actions are needed?
- What are possible roles for associations, NGO's, community groups?
- What are the next steps for this coalition to accomplish?

Possible Discussion Outcomes

- Identify 3–5 priority recommendations.
- Suggest federal and/or state policy opportunities.
- Identify public info, technical assistance, advocacy, or communications needs.
- Note organizations or sectors that should help lead or be involved in implementation.
